Comments. 25X1 (1) among others, three battalion-size units of about 600 men each were stationed in the Pionier Faserne.

The present report, however, 25X1 states that each of the three battalions averaged only 40 to 50 officers and about 360 men.

previous statements on the 25X1 strength and composition of these units indicate that they are probably the organic components of a mechanized regiment of the 25X1 7th Gds Mecz Div. (2) previously reported Colonel Fuzin (fnu) the headcuarters commandant of the 7th Cds Mecz Div. 25X1 The transfer of Colonel Fedosepev (fnu was previously reported (4) the two officers as unit commanders in the installation in mid-Movember and December 1950. 25X1
